ATTENTION ALL GSL RECIPIENTS:

The name of the Guaranteed Student Loan Program (GSLP), has been changed to the Stafford Student Loan Program to honor Senator Robert T. Stafford of Vermont, a longtime supporter of federal student aid. THE EFFECTIVE DATE OF THIS ENACTMENT IS JULY 18, 1988. It will take awhile to get accustomed to it, but GSLs will now be called Stafford Loans.

SAFETY - SECURITY MEASURES

Since our college is located in a residential area we have to be alert/aware of the 30 mph speed limits posted. These are for everyone's protection and especially for the pedestrians, children and pets in our neighborhood.

*** After 9:00pm, when driving on or off campus, please stop at the Guard House at our entrance as requested by the college and the Security Officer. This procedure, which is for the safety of our Mount residents, extends until 5:00am.*

HANDICAPPED PARKING

Anyone who must use a handicapped parking space on the Chalon Campus must make a request each year. The Mount Permit is not valid after one academic year. A permit may be requested from Sister Edward Mary in the Personnel Office. Any person having a California state handicapped permit does not have to request a college permit.

PARKING PERMITS

A parking permit decal is required on any automobile which is parked on either the Doheny or Chalon Campus, and this permit is valid on either campus. On the Doheny Campus, parking decals may be obtained from Sister Barbara in the Business Office, Building 10. On the Chalon Campus, the parking decals can be obtained from the Traffic Officer located in the Lobby of the Little Theater. THE DEADLINE FOR SECURING YOUR PARKING DECAL WAS SEPTEMBER 9. If you have NOT obtained a parking decal, violation citations will be given.

The forum will include Dr. James Delahanty, Dr. Cheryl Mabey and Mrs. Katherine Whitman and will be moderated by Dr. Ron Oard. There are NO CLASSES scheduled during this period, so plan to share in this event with the College community.

Any student group or College department which needs to request the use of the College vans for an activity or field trip must use the NEW Transportation Request Form. June 22, 1988

Dear Sister Teresita:

We want to thank you, and through you your students, for the clothes and household articles that were delivered to us here.

I am always grateful for the generosity of so many people towards the homeless and destitute women in our area, but it is particularly heartening when the donors are members of the next generation.

Eventually the care for these unfortunate women will devolve upon today's young people and if they understand the need while they are still students, they will undoubtedly not forget them later.

Again I thank all of you. We will remember you in our prayers. God bless you.

Sincerely,

Sister Julia Mary

TO: MSMC administrators, faculty chairs, supervisors, students
FM: SisterAnneMarie, press relations director
Requesting, please: That personnel in your areas be advised of current policies in the college manual, regarding press relations, and the expanded information below—

Chalon & Doheny Campuses

—88

RE: ANY CONTACT FROM THE MEDIA, please feel free to say 'Yes,' and then tell the reporter or assignment editor that you are asking the college news director, Sister Anne Marie (careful to use exact name), to call her/him and set up an appointment immediately. Also, it might be helpful to ask the inquirer to call the Chalon campus switchboard for a direct line to the news director or to leave a message for a return call. However, the preference is to have you, the contacted person, speak with the college news director before the return call to a reporter.

PLEASE, just as no one expects you to admit students to the college (but the Admissions Office is grateful for your every contact and referral), so also the News Office, for which the press relations director is responsible, does not expect you to schedule interviews, photos, public affairs radio or tv participation—when you represent the college. But the press relations director is most grateful to you for referrals, contacts, suggestions, and the opportunity to have you represent the college in news, opinion, documentaries, etc.

TOGETHER, we are able to:

1. make certain that media requests are answered—with appropriate follow-up., that can be time-consuming.
2. respond within the context of the total college at that specific time.
3. be of mutual asslstance in scheduling interviews and appearances, in researching format and environment (time permitting), locating a standby when needed, etc.
4. re-affirm news office relations with the media, so that reporters will be even better acquainted with Mount St. Mary's College and be ready to make future calls for news, opinions, public affairs.

REMINDER, from the job description currently on file for the press relations director:

"To be responsible primarily for directing the news office, which serves both campuses as the college liaison with newspapers, news photographers, and electronic news media."

APPENDED:goals for the News Office and press relations operation may be of interest to you.

1. To furnish media representatives with a 'book of experts' featuring faculty and other college personnel—to be on call as news/information sources. An Authorities List.

2. To continue to explore more effective procedures for receiving information from ‡ students
administration

RE: NEW ASB ADVERTISEMENT WINDOWS IN LITTLE THEATRE FOYER

DATE: September 22, 1988

Hello all! This memo is to invite you to make use of the new advertising space available at the Mount for campus departments, clubs, and organizations.

The six windows in the Little Theatre Foyer will be open for advertisement space to any group which requests it. The following information outlines procedures and guidelines for the use of the advertising space.

The window spaces will be available in one month time slots. The club/organization which has reserved the window is entitled to the space from the first to the final day of the month. All windows must be completed by the third day of the month. Failure to complete the window by the third of the month will result in loss of the advertising space; consequently, the space will be reassigned to an alternate group.

All windows must be neat in appearance and must comply with all ASB public relations posting policies. After the window has been completed it must be approved by ASB public relations within 24 hours.

On the last day of every month, each organization must remove all advertising materials from it's assigned window. If all materials are not removed by the specific group by the last day of the month, ASB public relations will remove and discard all materials.

Any campus department, club, or organization may request the use of an ASB Advertising Window. Advertising requests for the upcoming month will be accepted after the 15th day of the preceding month. Requests may only be made on an official ASB Window Reserve Form which can be obtained in the ASB office. Windows will be assigned on a first come first serve basis; however, a list of alternates will be maintained in case a group forfeits it's window privileges.

Please contact Jennifer Ditton or Sara Hebert, A.S.B. Public Relations Chairpersons, at ex-3403 with any questions.

Candidates for the Presidency must meet the following requirements:

-- be a Sister of St. Joseph of Carondelet

-- have an earned doctorate

-- have experience in higher education as a faculty member and administrator

-- be in good health

Suggestions are accepted from any of the graduates but they might not be within the scope of the work to be accomplished by the Committee. All Graduates are reminded to be aware of notices, signs, and mailings relative to graduation. Some deadlines will be set and for the good of the whole, they must be met! Be alert! When you see GRADUATION '89 on anything, and you plan to be receiving a degree in May, be sure to read it!!!

MSMC **WILL** continue to have Intercollegiate Teams:

Summary of Athletic Review Committee Report

The Athletics Review Committee was appointed to review the status of intercollegiate athletics at Mount St. Mary's College. Chaired by the Athletics Director, Kari Wolfe, the committee was composed of two administrative staff, two faculty, three students and one coach. It met weekly from October 1988 through February 1989.

By way of an intensive study the committee reached a number of important conclusions regarding the fate of athletics at the Mount. These include the reality that the intercollegiate program was initiated with certain ideals, but these were never carried to full realization, and that there has not been sustained institutional support of the program. With these in mind the committee then made a number of recommendations to the Administrative Council about continuing the intercollegiate program. These include the addition of a fourth competitive sport and the employment of a full-time athletic director.

After careful examination of the report and the options set forth by the committee, the Administrative Council has approved the proposal and is currently in the process of selecting the Athletic Advisory Council reccomended in the report.

Any and all students are encouraged to take a look at the report which is available in the ASB office. A big congratulations goes to Kari Wolfe, Dr. Barbara Becker, Dr. Nan Krakow, Patty Evans, Dean Kilgour, Terry Liegey, Chrissy Morrison, Liz Red and Joanne Kennedy for their hard work.
